

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

KENTUCKY POWER COMPANY)	
)	
_____)	CASE NO. 93-380
)	
ALLEGED VIOLATIONS OF KRS 278.160)	
AND COMMISSION REGULATION 807 KAR)	
5:041)	

O R D E R

Kentucky Power Company ("Kentucky Power") has moved for relief and reconsideration of Ordering Paragraph 2 of the Commission's Order of October 18, 1993. This paragraph required that Kentucky Power correct all alleged violations of National Electric Safety Code ("NESC") standards set forth in the Electric Utility Complaint Investigation Report.

In support of its motion, Kentucky Power contends that current clearance levels do not constitute an immediate threat or danger to public life or safety and that additional time is required to negotiate a resolution with the owner of the property upon which the facilities in question are situated.

Having reviewed the available evidence of record, the Commission finds that the facilities' current condition does pose an immediate threat to public safety and that immediate corrective action is required.

IT IS THEREFORE ORDERED that:

1. Kentucky Power's motion is denied.

2. Kentucky Power shall correct all alleged violations of the NESC standards set forth in the Electric Utility Complaint Investigation Report within seven days of the date of this Order. Failure to comply with this Order shall be considered as grounds for the additional civil sanctions against Kentucky Power.

Done at Frankfort, Kentucky, this 3rd day of December, 1993.
